

## INTRADEPARTMENTAL CORRESPONDENCE

March 22, 2017

1.17

**TO:** The Honorable Board of Police Commissioners

**FROM:** Chief of Police

**SUBJECT:** UPDATE REPORT REGARDING DEPLOYMENT OF BODY WORN CAMERAS

### RECOMMENDED ACTIONS

1. That the Board of Police Commissioners (Board) RECEIVE and FILE the attached update report regarding deployment of body worn cameras.

### DISCUSSION

The following is provided as an update on deployment of body worn cameras for the Los Angeles Police Department (LAPD). In June of 2016, a contract was awarded to Taser International, Inc. to provide the LAPD with body cameras for all uniformed enforcement assignments. In October of 2016, the LAPD continued its deployment of body cameras in Olympic Division and has continued to oversee construction at each new division and training officers at a new station every four weeks. Since commencing the deployment, officers have created over 1.1 million body worn videos and over 2.7 digital in-car videos.

Attached for your review is a list of Community Police Stations currently equipped with body cameras as well as those with digital in-car video along with the projected rollout schedule.

If you have any questions, please have a member of your staff contact Sergeant II Daniel Gomez, Tactical Technology Section, Information Technology Bureau, at (213) 486-0370.

Respectfully,

CHARLIE BECK  
Chief of Police
